NUMBER 23

Air Cadets New Postwar Program Gets Underway

This winter the Air Cadets will do more than start boys off on a flying career.

A complete new program of group sport, group fun and aeronautics is ready states F.O. L. L. Harker Officer Commanding No. 110 Squadron Raymond.

A basic feature of the new program of group recreation and fun is that every Cadet will actively and equally take part. It will not be a case of a few doing the actual playing while the rest simply stand by and watch. These group activities have been so designed that every boy will be an enthusiastic and active participant in the fun.

It is hoped that as the program develops, teams from the local squadron will compete with teams from other squadrons, eventually leading up to possible inter-provincial competitions.

This new program is so designed as to help every boy attain that all-round physical development which builds the sturdy active body and keen alertness necessary for success in aviation and other fields.

Air Cadet Squads throughout the Province are being visited by members of the Alberta Committee or Air Cadet Liaison Officers of the R.C.A.F. to fully acquaint local civilian committees & squadron officers with full details of the new program.

Though sports and group recreation will be an important part of the program maximum attention is still to be given the aeronautical training.

This part of the program embraces such things as Aircraft Recognition, Airman'ship, including the principles of flight and how those principles are used in the building and operation of planes; Engines, covering principles and functions of internal combustion engines, carburetion, ignition, lubrication and cooling; Air Navigation, Signals and other such subjects.

So that the Air Cadets can become familiar with R.C.A.F. planes and their operation it is anticipated that the annual summer camps will be continued with R.C.A.F. familiarization flights conducted on a wider and enlarged scale.

For those who want to continue and make flying their careers complete co-operation has been secured by the R.C.A.F., civilian aviation companies and the aircraft manufacturing industry.

It is anticipated that the R.C.A.F. will give preferential consideration to Air Cadets for both permanent and auxiliary squadrons of postwar establishments; Civilian aviation companies are expecting to secure many of their pilots and administrators from the ranks of the Air Cadets. And aircraft manufacturing companies have assured their full co-operation to Air Cadets wishing to prepare themselves for the various trades associated with the manufacture of aircraft and aerial transport work.

Competitive Scholarships and reduced rates are being proposed for those Air Cadets who will want to continue with advanced training and secure civilian flying licenses through civilian flying clubs, while the Soaring Association of Canada will make it possible for Air Cadets to receive complete plans and instructions for building and flying of gliders.

There is only one requirement for boys desiring to participate in this enlarged postwar Air Cadet program. They must be 15 to 18 years of age. They are, of course, expected to be sufficiently interested in aviation to attend parades regularly.

Any eligible boy who wants to get to "get crackin'" and get in touch in on the fun, and at the same time give wings to his future is advised

BEET HARVEST IN FULL SWING

With fine weather prevailing, beet harvest has really hit its stride this week and wagons pulled by teams and tractors, and trucks by the hundred are hauling the roots into storage as rapidly as the labor situation will permit.

The beets are coming out of the ground in good shape and prospects are fine to date for a record tonnage over the district. Cooperation of farmers in preventing any wilted or frosted beets getting into storage piles, by reporting when delivering if there is anything wrong with their load will mean more profit to Company and Growers and much less trouble. This year a frozen beet hopper has been built especially to handle wilted, frosted, or otherwise damaged beets AS THEY COME IN. All you need to do is report a damaged load, and the yardman will instruct you where to go to unload. It won't mean any loss of time, but it will mean a saving of a lot of trouble. It really hurts to see a lovely pile of beets smothering in the centre from someone's inattention to the matter of that kind of beets are unloaded. Give the rest of growers a break and see that no beets are spoiled in storage because of your inattention.

ROTARIANS NOTE

On the regular noonday Lunch on Monday next the special speakers will be Wally Duncombe recently returned from service overseas and Mr. Blinn the head officer at the new Raymond Oil Well.

Next-of-Kin Supper Successful

The supper, sponsored by the Next-of-Kin organization Wednesday evening was a success from every angle. The food was exceptionally good, there was plenty of it, and the variety was all that could possibly be asked for.

Servings at the 2nd Ward Church started at 6 p.m. and for more than two hours the tables were kept filled to capacity, about 150 being served here. Then another group cooked supper at the Evans Sahy home for the men on shift at the Factory and about 70 suppers were taken down there, served to the hungry men still ved, and to the men at the Factory Church tea cream and cake was served, an tip the men at the Factory pie and cheese made this part of the menu. Everyone was loud in their praise of the quality and quantity of the servings.

A number more suppers could have been sold to bet haulers waiting at the sheds if they had been taken down around 5:30. At the Church there was a plenty of everything and a little to spare.

It was a swell supper, well served and greatly enjoyed, and our congratulations to the Next-of-Kin organization for their efforts in proving for the boys and girls overseas at Xmas time. And, just in case you missed the supper, you can still help by attending the Dance at the Opera House tomorrow night, the funds for the same purpose.

Concert Sunday Rare Opportunity

Musicians and all music lovers your soul with that something that should certainly take advantage of the opportunity to hear the music of the State. We quote below two excerpts from the New York Times comment-world famed Cherniavsky Brothers, presented under the auspices of the Raymond Rotary Club.

These are not run of the mill musicians, they are masters of the piano and C. H. and have played as soloists and members of orchestras throughout more than half the countries of the world. Their interpretation of the music of the masters will fill led in Town Hall last night to hear

Ration Book No. 5 Distributed Next Week

Jan Cherniavsky, Russian pianist, gave early evidence of amazement. After the third number, there was an ovation. At the end there was prolonged cheering.

"There was good reason for such enthusiasm. For not only did the pianist display extraordinary bravura with a remarkable technique and an exceptionally fine tone, but he used his pianism as a poet and an artist of high rank.

"His Debussy was playing to rank with the best, with snowish humor & exquisite play of tone. The Chopin group was possibly the high spot of the evening, for here imagination

The distribution of Ration Book No. 5 will be made from the Town Hall, Raymond, next Wednesday, Thursday and Friday, from 9:30 a.m. to 5 p.m. each day. All interested please note time and place.

Mrs. Ira McBride is again in charge of distribution, and as this is gratuitous service, anyone who could assist is asked to get in touch with her and be assigned their hours. One request of the public, please see that the card in the back of Book No. 4 is filled out correctly and completely. This will save a great deal of time. PLEASE DO NOT SEND CHILDREN UNDER 16 for the Ration Books for the family. This book is planned to last the year so be sure and get yours and get it early.

and feeling were expressed by his remarkable fundamental tone, with unusual colorings and blendings, his use of dynamic contrasts and his ability to sing a melody with haunting beauty. The closing B minor Scherzo brought the audience to its feet." —New York Times, Jan. 1944.

MISCEL. CHERNIAVSKY DISTINGUISHED CELLIST AT TOWN HALL

"The accomplished performer at once made known a highly perfected technique and a tone of pure, resonant quality. His playing was not only clean, accurate and sensitive, but positive in its grasp of the style of these eighteenth-century compositions. The sounds drawn from the instrument lost nothing of their unblemished character in rapid passages and were unwaveringly on pitch in double stopping. This bowing was admirably light and agile, the left hand deft and reliable." —N.Y. Times December 1943.

CARDS WIN WORLD SERIES

Stretching the World Series in base ball to six games, the St. Louis Cardinals won from their town neighbors to win their third World Series in a row.

The Browns took the first and third games, the Cards taking the second, fourth, fifth and sixth. There were no blow ups or large scores in any game and it seemed that the team that got the breaks was the team that won the game. A new world record for strike outs in a world series was set as this series reached the sixth game.

Lee Brewerton went to Lethbridge, Alberta, morning to meet his brother Roy, who came from California for a visit with his aged father who has been confined to his room for some months past.

JOE CITIZEN SAYS—

Believe me, folks, inflation's not a thing for just a passing thought. The juggling of the nation's bills to save us from inflation's ill is something to be thankful for and sure has helped to win the war. The thing is though—it's not a late to rock the good old ship of state. Inflation STILL could take a third—it will if buying's uncontrolled, and really all that we can buy and know they're not in short supply are bonds, and it's just common-sense to buy them in our own defence. It can't be called a sacrifice—that bonds pay well there's none denies.

They draw a very nice per cent on money waiting to be spent when, Victory and Peace both won, some carefree spending can be done.

CANADA'S VETERANS Their Post War Opportunities

The second in a series of advertisements to inform the people of Canada of the opportunities available to them after their service in the armed forces. To get full details, save and read every advertisement.

For complete information, write for the booklet, "Back to Civil Life."

The War Service Gratuity and Re-establishment Credit—OTHER ASSISTANCE AFTER DISCHARGE

The Canadian re-establishment program gives discharged members of the services assistance under a wide variety of measures during the period when they are deciding their future as civilians.

THE WAR SERVICE GRATUITY

This became law at the last session of Parliament, and provides, after discharge, monthly payments to those honorably discharged, who enlisted for service anywhere, and to those who served in the Aleutian Islands, for their period of service there. It provides a basic gratuity of \$7.50 for each 30 days' service in the Western Hemisphere and \$15.00 for each 30 days' service overseas. A supplementary gratuity of seven days' pay and allowances, with Canadian subsistence allowance, is paid for each six months' overseas service. Service in Greenland, Iceland, the Aleutian Islands and any other theatre of war is overseas service. Other places in the Western Hemisphere are not. Airmen, flying outside the Canadian waters, or stationed outside Canada or the United States, and Naval personnel in sea-going ships of war are regarded as overseas service.

Monthly payments not exceeding monthly pay and allowances last received will start after January 1, 1945, unless the Act is proclaimed earlier.

RE-ESTABLISHMENT CREDIT

A re-establishment credit, equal to the basic gratuity shown above, and not including the supplementary one is available in the 10 years following discharge for constructive purposes such as purchase of a home, business, furniture or tools, or payment of premiums under Government life insurance. It can also be used for modernizing or repairing a home, for working capital of a business and other similar purposes. The re-establishment credit is reduced by any grants paid while training or continuing education, or by grants paid under the Veterans' Land Act, Training, education and Veterans' Land Act grants cannot be paid if the re-establishment credit is used, unless an adjustment is made.

AT DISCHARGE

At discharge every man and woman is advised of the re-establishment program, is given a complete medical and dental examination, and may receive free treatment for any condition shown by the examination, in the year following discharge. They are allowed to retain one uniform and certain other service clothing. All discharged since August 1, 1944, receive a \$100 civilian clothing allowance and if they have 183 days' service and receive an honorable discharge, a rehabilitation grant of 30 days' pay and one month's dependents allowance. They also receive a railway warrant to their home or place of enlistment.

AFTER DISCHARGE

Service personnel seeking employment apply through Employment and Selective Service, but in many cases they will find Veterans' Welfare Officers and other specially trained staff ready to assist them. Veterans who wish to return to their former civilian positions are entitled to reinstatement in that position, if the job still exists, if they are capable of filling it, and if application is made within three months of discharge. Under the law of Canada every ex-service man or woman with overseas service, or disability pensioners, receive preference in Civil Service appointments if qualified for the position for which they apply.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ADVISE AND ASSIST EX-SERVICE PERSONNEL, AND SHOULD BE CONSULTED ON ALL PROBLEMS.

Issued under the authority of Hon. Ian A. Mackenzie, Minister of

PENSIONS AND NATIONAL HEALTH

PREMIER MANNING INSPECTS
INSTALLATION AT REMOUNT
AIR COMMAND STATION

An informal visit was made on Monday, October 2nd, by Premier Manning to the Remount Station, Northwest Air Command, during which an inspection of the installation was made. During the visit the Premier was taken to the control tower, where he took over the microphone and directed a United States Douglas transport in for a landing. Mr. Manning was met on arrival by Group Captain A. V. Patriarche, A.F.C., and other command officers, and was accompanied on his inspection by Group Captain D. A. Hartling, A.C., commanding officer of the Remount Station, Squadron Leader Howard Watson, senior flying control officer and Squadron Leader B. A. Kenny, senior administration officer.

Visits were made to the recreation hall with its swimming pool, complete sports equipment, the men's mess, and kitchen equipment, the fire department and equipment stores, the hospital at the Remount Station, and the flying school. Work and emergency preparations were explained.

In the airways control office, where flights of all commercial and military planes in the area is controlled, Mr. Manning listened to messages being sent to the Remount Station, and received and heard a re-transmission of a message between the station and the control tower. At No. 165 Squadron the Premier boarded a Douglas aircraft and was shown the controls by Group Captain Hartling and discussed matters relative thereto with the officer commanding the Squadron, PH Lt. W. P. Ferguson.

Before leaving Mr. Manning went

NEWS NOTES

With a further decline in the latter output of the Dominion there are rumors that further reductions in the latter rationing may have to be made. The feed situation in this part of the province is making the milking of cows a real problem from the feed angle.

to the R.C.A.F. hospital where he visited all the patients and was shown the operating room and other facilities in connection with the institution.

Alwyn Stone of Picture Butte was a Raymond visitor overnight Wednesday.

But Palmer returned to his station at Bethbridge on Sunday after a fourteen days leave at home.

Tomorrow night in the Opera House, the Next-of-Kin organization is holding a Dance to raise funds for supplying Christmas parcels for the boys overseas. This is your opportunity of lending a hand to give boys and girls in the service a real thrill at Christmas time. We have 250 odd to provide for.

You hold the mortgage
You collect the interest

A Victory Bond is a mortgage on Canada ... all of this country's resources guarantee payment of principal and interest. And money you lend to Canada, when you buy Victory Bonds, is the safest investment you can make.

You can borrow on Victory Bonds for seasonal farm requirements or any bank will pay cash for your bonds should you need cash at any time.

Money is a vital war weapon. Canada needs every dollar that every Canadian can save and lend ... more than ever before. As the war increases in intensity, Canada's need for money increases, too. Our country's all-over borrowing needs are increased by over three hundred and twenty million dollars at this time. We must each be ready to lend again, and to lend more.

Thousands of small grains make a bushel of wheat. So with the money that Canada must borrow, from Canadians, to pay for the war, small sums loaned by individuals mount up to billions.

Lend all you can ... money you have saved and money you can save ... but do not think that small loans are unimportant. Put your savings into mortgages on Canada-marketable mortgages. You will be doing a worthwhile war job ... and you will get your money back ... with interest.

7-57

Victory Bonds will provide cash for farm improvements you plan to make when the war ends ... new buildings ... new machinery ... better stock ... cash to pay on a new car or a new home.

Take this First Step to Success in Post-war Aviation

Every boy who yearns to ride the skyways ... in service crafts or civilian ... can get away to a flying start through becoming an Air Cadet. Under qualified instructors he will receive competent training in the fundamentals so vital to aviation success.

In the post-war years ahead qualified Air Cadets will receive preference for R.C.A.F. appointments. Civilian aviation companies will be especially alert to the qualifications of Air Cadets. But whether or not you plan aviation as your career, you'll find your associations with the Air Cadets interesting, fascinating and plenty of fun.

Join the 30,000 other Canadian Boys in
The AIR CADET LEAGUE OF CANADA

The Stake Missions of the Raymond District and their partners met at the Ira McBride home on Sunday evening in their monthly report meeting and social hour. Ira, who was in charge had a Gospel Quiz arranged and some very interesting

facts were brought out in the discussion. At the conclusion a very tasty lunch was served by Mrs. McBride and Afton Christensen assisted by the Misses McBride.

Mr. and Mrs. Jack Finch returned to Raymond on Sunday after spending a year or more on the coast where Jack has been working as a welder. We understand he is going to work now in the Sugar Factory in the same line of work.

M. I. A. OPENING

The official opening of the two Raymond ward Mtenis was held in the Stake House last Friday evening. Considering the busy season a good crowd was present and greatly enjoyed the evening.

A program was held, including community singing, introduction of the coming year's program and musical numbers and after this, the remainder of the evening was spent in dancing. Class work in both wards commenced on Tuesday evening.

WHAT NEXT?

American Sailor—Battleship! Why, the flagship of our navy is so huge that the captain goes around the deck in his automobile.

British Sailor—You ought to see our flagship! Have a look at the kitchen. It's so large the cook has to go through the Irish stew in a snub marine to see if the potatoes are cooked!

DISINFECTION OF FARM BUILDINGS

Dr. R. Walton, provincial animal pathologist, recommends the following disinfectant for barns and other animal enclosures.

A compound solution of cresol mixed with soft or lye softened water. The proportions suggested are four ounces of cresol to one gallon of water. Whitewash may be used instead of water and is, in fact, preferable. When applying, the area covered can then be more readily seen. The whitewash also results in a more finished appearance and brightens up the buildings. Spraying is the best method of applying the disinfectant, since the more pressure that can be applied the better the disinfectant will penetrate into the cracks and crevices. The entire interior of the building should be saturated with the solution.

Before spraying, the various surfaces should, of course, be thoroughly cleaned. Cobwebs and dust should be removed and accumulations of dirt and filth scraped off with a hoe or other implement. The surfaces should then be scrubbed with a wire or other stiff brush, using a hot lye solution. The lye cuts loose the dirt while the hot water destroys any worm eggs that may be present.

After cleaning and spraying has been completed, all doors and windows should be opened to let in the air and light.

RATION BOOK 5

issued between October 14th and 21st

Distributing Centres will not be open on all days. Make sure that you know
exactly what days and hours the Distributing Centre you intend to go to
will be open. Failure to get your new book during distribution week will
cause you inconvenience.

RATION BOOKS WILL NOT BE MAILED OR DELIVERED — THEY MUST BE CALLED FOR

HOW TO GET YOUR NEW BOOK

Before you go to a
Distributing Centre:

1. Write your name and address
on the front of the stub of
the K coupon sheet in your
Ration Book 4. The age of
persons under 16 years must
also be written in.
2. Fill in your prefix and serial
number on the back of the
stub.
3. Do NOT tear the K coupon
sheet or stub out of the book.
This must be done by an
official of the Distributing
Centre.

Take Your Ration Book 4 with the K Coupon Sheet Attached and the Stub Properly
Completed to a Distributing Centre and Your Ration Book 5 will be given you.

ARMED FORCES

Members of the Armed Forces
will obtain their Ration Cards
from their own units.

APPLYING FOR OTHERS

Any responsible persons may
apply for Ration Books for other
members of their families or
neighbours, providing above re-
quirements are complied with.

PARENTS MUST APPLY FOR CHILDREN

Children under 16 may not
apply for their Ration Books or
those of others.
